

# Bluetooth Handsfree Headset KABTH24BLKA User Manual

Thank you for purchasing the Bluetooth Headset. Please make sure to read this user's guide to get started, to make sure you get the best use of the headset's many features. We hope you will be delighted and satisfied with its operation.

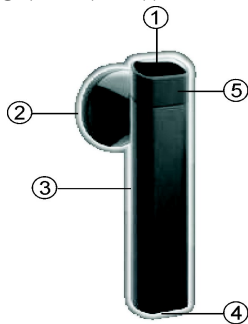

## SAFETY PRECAUTIONS

Never disassemble or modify your headset for any reason. Doing this to the headset may cause it to malfunction or become combustible. If you have any issues with the headset at all, please contact the Kogan customer support team.

## BLUETOOTH WIRELESS TECHNOLOGY

Bluetooth wireless technology achieves compatible connection for communication between the headset and a Bluetooth compatible mobile phone. The two devices must be within 10 meters of each other for the headset to function.

## OVERVIEW

- 1 – Answer/End Key
- 2 – Earbud
- 3 – Charger Port
- 4 – Microphone
- 5 – LED Indicators

## CHECKING ACCESSORIES

When your purchase arrives, please check that the unit is complete, with the ear hook and charger.

## HEADSET CHARGING

The headset has a built-in rechargeable battery. Before first use, please charge the battery for at least 3 hours to a full charge. While charging, the red LED indicator will light up. When the battery is fully charged, the blue LED will light up.

## INSTRUCTIONS

- Turning the headset on : hold down the POWER button until the red and blue lights start flashing, which means the unit is turned on.
- Turning the headset off : hold down the POWER button until the red light blinks twice. The headset will then shutdown.

## HEADSET AND PHONE PAIRING PROCEDURE

1. Make sure the headset is switched off.
2. Press the Answer/End key until the red and blue LED indicators flash alternately, which means the headset is in pairing mode.
3. Activate the Bluetooth configuration settings on your mobile phone to find the device in your list of discoverable devices. Please refer to your phone user manual for further information.
4. Choose the headset from the list of available devices.
5. If you are asked for a passcode, please enter 0000 (four zeroes) to set up the pairing.

## CALLS

When the headset is connected to the phone via Bluetooth, it will automatically be setup to receive any phone calls.

## ANSWERING THE CALLS

When the phone rings, either press the ANSWER/END key, or answer the call using the phone.

## ENDING THE CALLS

At the end of the conversation, either press the ANSWER/END key, or end the call using the phone.

## CARE AND MAINTENANCE

Do not submerge the headset in water.

Do not leave the headset in strong direct sunlight.
