

USB LED Clock Fan KAFANUSBCKA Quick Start Guide

Product Warnings

- This is not a toy. KEEP AWAY FROM CHILDREN!
- Beware of the fan blades.
- For enhanced LED and motor life, the fan should be turned off after it has been running continuously for 3 hours.

Usage

1. Place the USB plug into the USB port and adjust the fan position using the adjustable neck.
2. Press the power button to turn the unit on.
3. Press the time set button for 6 seconds to switch into adjustment mode. The minute hand will move quickly in a clockwise direction. The hour hand will turn once the minute hand has gone through the full 60 second cycle.
4. You can also press the time set button once to adjust the minute hand by a single minute.
5. The fan will revert back to clock mode 5 seconds after the time set button was last released.

This product is compatible with USB 1.1, USB 2.0 and USB 3.0.
