

Insulated Cooler Bag with Stereo Speakers

KASPKBAGCLA

Quick Start Guide

Features:

Compatible with iPhones, most iPods, Android mobile phones, smart phones and mp3 players.

A standard 3.5mm audio input plug connects to most audio sources and with a standard 3.5mm output connection.

Amplified speakers provides great sound on the go.

Specification

Portable Power: 3 x AAA

Single Speaker: 2 Watts 4 Ohms

Speaker Output: 1khz \leq 3% RHD

Frequency response: 80Hz - 15Khz

Product size: 25 x 19 x 16CM

Product Setup

1. Unzip the front compartment and install 3 AAA batteries into the battery slots, taking care to ensure that the polarities are correct.
2. Place drinks directly from the freezer/fridge into the main compartment to keep them cool.
Do NOT put the unit itself into the fridge or freezer, as the electrical circuitry will degrade due to the temperature changes and moisture.

Speaker Operation

1. Unzip the front compartment.
2. Connect your audio device with the attached 3.5mm audio jack.
3. Turn on the Main power button to turn on the speaker. The power indicator will light up at the same time.
(The Main power button can be found on the battery pack itself.)
4. Turn on your audio device.
5. Slowly adjust the volume to the level of your comfort. Maximum volume levels may cause distortion and speaker buzz.
6. If your device is small enough to fit, the plastic window in the front of the cooler bag allows you to operate your audio device's touch screen while it stays safely inside the speaker bag.

Cooler Storage bag

The Cooler Storage bag can contain up to 6 cans for you to enjoy. For best temperature results keep the zipper closed when not putting drinks in or taking drinks out.

Warning

- This product is not a toy, so please keep it out of reach of children
- This product is not waterproof, but is water resistant.
- Please keep the cooler bag and your audio device away from water.
- Turn off the batteries and take them out if you plan on not using the device for an extended period of time.
- Do not short-circuit power supply terminals.
- Do not use too close to fire or other heat source.
- Do not break the battery plastic case.
- If you experience any issues with the bag or speakers, please contact the Kogan customer support team.
