

Water Resistant Bluetooth Shower Speaker

User Manual

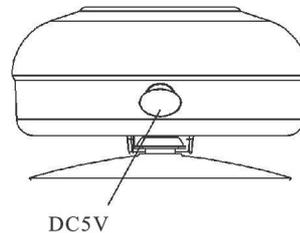

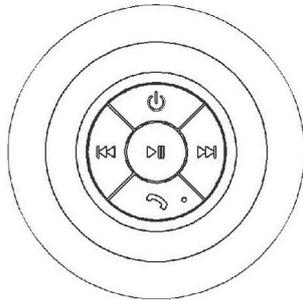

KAWATBTSPKA

Thank you for purchasing this product. We are confident that it will give you many, many hours of musical entertainment while in the shower or other wet environments.

Safety Instructions

- Keep this device away from heat, direct sunlight and sharp edges.
- Keep this device away from naked flames.
- Do not insert any metal objects into the device. There is a great risk of short circuit!
- To avoid a static charge, do not use this device in an extremely dry climate.
- Do not attempt to repair the device yourself. Contact the Kogan customer support team in the case of fault or damage.

Product Overview

Accessories Included

- 1 x USB charging cable.

Charge Integrated Battery

This Bluetooth speaker is powered by an integrated rechargeable lithium battery.

Charge the battery as follows:

1. Insert the charging cable into the DC 5V socket on the unit. Connect the USB plug into a PC or an AC/DV adaptor. The LED indicator will light up in red while the battery is being charged.
2. When the battery is fully charged, the red LED indicator will go out.

Pairing to your mobile phone or other Bluetooth device

1. Activate the Bluetooth speaker's pairing mode by having the unit completely powered off, then pressing and holding the ON/OFF button for 6 seconds or so until the red LED and the blue LED are flashing alternately. The speaker is now in pairing mode.
Note: Please ensure the speaker is in power off mode prior to trying to activate pairing mode.
2. Turn on your mobile phone or other Bluetooth device and activate the Bluetooth function.
3. Search for Bluetooth devices. VAWBSS4C will show up.
4. Pair your device with VAWBSS4C. If a password is requested, type in "0000".
5. Once VAWBSS4C is paired with your device, connect it to your device.
6. Note: Once this speaker is paired and connected to your mobile phone, next time you switch on this speaker, it will automatically connect to your phone as long as the Bluetooth functionality on your mobile phone is switched on.

Button Description

ON/OFF: Switch unit on or off, plus activating pairing mode.

PHONE : Pick up or hang up phone call.

- ◀◀ Short press for previous song/Long press to turn down the volume.
- ▶▶ Short press for next song/Long press to turn up the volume.
- ▶ Play/Pause the music.

Note: You can press the PHONE button twice quickly to redial the last phone call.

Troubleshooting

Symptoms	Causes	Solutions
Can not switch the speaker on	Flat battery	Recharge the battery
Unable to pair the speaker	Speaker is already switched on and is not in pairing mode	Turn speaker off, then hold down the POWER button for 6 or so seconds until the two LED lights blink alternately.
