

# Front & Rear Bike Light Kit

## Quick Start Guide

### KHBIKFBSETA

#### Rear Light Instructions

1. Install the bracket on your bike's seat rod. Two size of rubbers are provided to fit different diameters of seat rods.
2. Slide the light assembly into the socket of the bracket until you hear a click. To remove the light assembly, push back the clip under the socket and slide light out.

#### Front Light Instructions

1. Open the headlight by turning anti-clockwise at the front. Place the 4xAAA batteries in, taking note of the correct polarities. (fig 1.)
2. Install the bracket and mount the headlight onto the bracket by sliding it toward the rear until it clicks into position (fig 2.)
3. To remove the headlight, press the unlock button at the rear of the bracket while pulling the headlight forward. (fig 3.)
