3 Piece Premium UltraLite Spinner Luggage Set Lock Instructions

The default combination for the locks are 0-0-0.
To set your own personal combination, follow these steps.

1. Set the dials to the original numbers: 0-0-0
2. Press the reset button (A) in with a tool until you hear a click sound.
3. Set your combination by turning the dials to your desired number (example: 8-5-5)
4. Press the main button (C) in the direction of the arrow and the reset button will click back into position.

Your new combination has now been set!
Please remember your personal combination and do not write it down where someone else is able to easily access it.

To reset the numbers to a new combination, repeat the above steps.

WARNING: if the cylinder is opened, please ensure you lock it again by turning it to the red dot position in a clockwise direction. This can be done using any tool that fits into the cylinder.
